

Kanchi Sankara Vidyashram, West Tiruchendur

The Evening Meet-2022

A new school year means new beginning, new challenges and new adventures. The slate is clean and ready to start.

I really feel great to discuss about the academic plan for the year 2022-2023.

We have successfully initiated the bridge course - where we mainly concentrate on the basic concepts- subject oriented as well as life skill oriented. It's followed by giving due importance to the NCERT curriculum aligned with NEP 2020.

We have planned a separate timetable for grade 1 & 2 in an order where they will get only 3 main subjects per day.

It's done mainly to reduce the weight of their bag. Please follow the timetable regularly.

- Help your ward to do the homework.
- Kindly sign the school diary and ensure whether the home works are completed and also check the attention please column to know that you have got any notes from the teachers.

Even if you have to note down anything you can rightly mention it in the Attention Please column.

My humble request is to follow the kids to complete the pending works if they take leave.

We start our day with 'Students Prayer' where we share,

- New words
- Science facts
- Special days
- Motivational stories

We follow certain rules and practices ... That if a student takes leave she/ he should provide a leave letter with parents signature.

Appearance is very important. Kindly look at the hair do of Bala Kiruthika . In spite of having a short hair, she has neatly combed her hair in two plaits. Most of the parents come with the excuse of short hair. Kindly avoid it to bring in the discipline among the students.

Boys should trim their hair properly.

Students should trim their nails every Sunday.

It will be checked on every Monday.

Celebration of Birthdays.

A student can present a sapling or books to library instead of giving sweets in the campus.

We proudly announce that we are going to start ECO club, English club, Tamil club, Science club and Maths club to enrich the students mind and will be inaugurated on 06.06.2022 which falls on the World Environmental day.

Every week Friday, reports will be submitted and clubs meet will be organized at the last Friday of each month.

Star cards are presented to students to instill the spirit of motivation. The one who gets the maximum number of cards will be awarded with prizes in the academic year 2022-2023.

We give much more importance to the nourishment of our children by providing Aptitude Training & Spell bee International Courses.

Spoken English

To make a better impact on spoken English, we have appointed a new faculty and a variety of topics are being discussed. Definitely our children would get the prospect out of it.

The following events will be celebrated in the forthcoming year on the respecer days.

Date	Day	Topic
06.06.2022	Monday	World Environmental day
21.03.2023	Tuesday	International Yoga day
15.07.2022	Friday	Education day
15.08.2022	Monday	Independence day

We have planned to organise the following co scholastic competitions to inculcate the competitive skills in them and to bring out the hidden talents in them.

Date	Day	Month	Description
30.06.2022	Thursday	June	Co - Scholastic Competition - I
28.07.2022	Thursday	July	Co - Scholastic Competition - II
30.08.2022	Tuesday	August	Co - Scholastic Competition - III
27.10.2022	Thursday	October	Co - Scholastic Competition - IV
30.11.2022	Wednesday	November	Co - Scholastic Competition - V
31.01.2023	Tuesday	January	Co - Scholastic Competition - VI

With the help of our librarian, we have drawn a beautiful plan to ensure the reading habit. Many Programs and competitions will be conducted for the proper nourishment of the children.

Short reads are introduced for close reading and deep comprehension. This comes in the form of 10 boxes each box has 40 non fiction cards.(6 copies each)

Extra Curricular activities.

I feel proud to say that a rich list of activities are going to stand on its own heritage They are, Indoor & Outdoor games, Baratham, Yoga, Silambam, Music, Free style dance, Keyboard, Horse Riding, Art and Craft, Painting, Table tennis etc..

Assessments will be conducted in the following phases.

Periodic Tests

July	Periodic Test - I
August	Periodic Test - II
September	Term I Examination
November	Periodic Test - III
January	Periodic Test - IV
February	Preparatory Test
March	Annual Examination(Term II)

“A proper planning is the well beginning”.

With the guidance of our correspondent, Senior Principal, Principal and educators, we have made it possible for the great betterment in the children.

Kindly ensure your co- operation, great support and parental guidance always.

Thank You
